

## **FOR IMMEDIATE RELEASE**

**Mailing Date:** April 28, 2005

**Contact:** Ed Hinrichs, County Project Manager, (262) 548-7740

### **4-Lane CTH Q Project Begins**

Waukesha, WIS. – Waukesha County will start reconstructing County Trunk Highway (CTH) Q (County Line Road) from CTH Y (Lannon Road) to STH 175 (Appleton Avenue) in the Villages of Germantown and Menomonee Falls on May 16. Preliminary work could begin sooner, but it will not interfere with traffic.

The project, which will be constructed by Payne & Dolan, Inc. of Waukesha, will involve replacing the existing two-lanes with a four-lane roadway that includes a raised median, retaining walls, storm sewer and curb and gutters.

The road will be open to traffic during construction via a combination of existing and temporary lane configurations. Motorists should use caution and expect delays within the construction zone. The speed limit will be reduced to 25 miles per hour for the duration of construction.

Ted Kautzman, of R.A. Smith and Associates of Brookfield, will perform construction management and inspection duties. A website will be provided for weekly project updates and scheduling activities, which can be accessed on-line by clicking on the CTH Q link at [www.rasmith.com](http://www.rasmith.com) or on the County's website at [www.waukeshacounty.gov](http://www.waukeshacounty.gov).

It is anticipated that all work will be finished and the new roadway will be fully open to traffic by the end of October.

For further information, please contact Mr. Ed Hinrichs, Project Manager with the Waukesha County Department of Public Works at (262) 548-7740.
